

Portable Strip-Pack Applicator

Produce hanging strips of snack bags at your plant or retail outlets!

- Convenient, cost-effective applicator fits on a tabletop.
- Compact size lets you move the applicator to different manufacturing sites, retail shops, or distribution outlets.
- Hand-feed bags to create strips with different products and bag sizes, or make "strips of strips".
- Apply 2" to 13" wide bags with weights up to 100g each.
- Automatic, high-speed Ishida strip-pack applicators are also available to work with any bagmaker.
