

Paragon™ Sheeter

Oven-mounted or portable, the Model 2208 Paragon™ Sheeter delivers consistently uniform chips and tortillas, with low maintenance and easy cleaning.

Designed for oven-mounting, Model 2208 is also available with this portable, easy-to-clean support frame.

Designed as a direct replacement for typical oven-mounted sheeters, our new Paragon™ Sheeter brings the precision and simplicity of a high-production sheeter to smaller capacity lines.

Weight control perfection

Consistently uniform product piece weight is assured with large diameter cylindrical rolls mounted between 1/4" thick stainless steel frames.

Easy cleaning

Open frame washdown construction provides easy cleaning.

Simple service

Differential speed rolls require only one front stripping wire. Direct drives eliminate the maintenance of drive chains and sprockets. Rolls and drives can be replaced in minutes.

Superior product quality

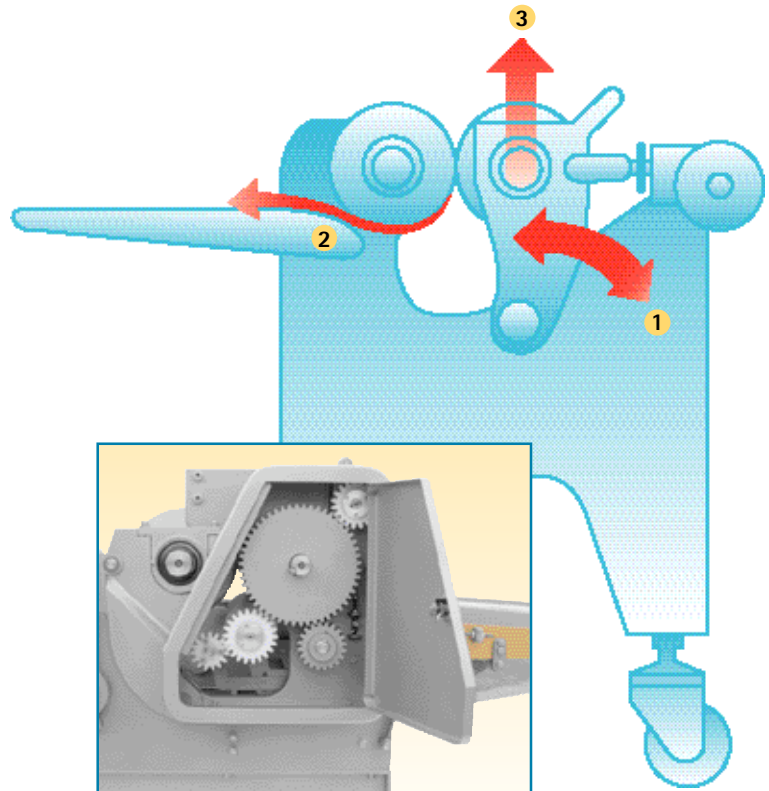

Roll-contoured discharge conveyor eliminates product fold-overs and stress fractures. Continuous lump remover helps maintain product quality.

Paragon™ features

- 22.5" wide x 8.5" diameter cylindrical rolls.
- Differential speed, direct drive rolls.
- Hinged rear roll support for precise gap adjustment.
- Continuous lump removal.
- Precision mechanical control of stripping wire, cutter, brush, side saddles, discharge conveyor.
- Easy-to-clean open frame design.
- Available with portable base.

The Paragon™ Difference

- 1 Hinged rear roll support pivots on bearings to maintain precise roll gap and alignment over years of service.
- 2 Roll-contoured conveyor belt eliminates product fold-overs and stress fractures.
- 3 Rolls and drives can be replaced in minutes, instead of hours.

Gear drive eliminates the maintenance required for drive belts, sprockets and chains.

Paragon™ Model 2208 Oven-Mounted	
Roll width	22.5" / 571
Roll diameter	8.5" / 216
Overall width	45" / 1143
Overall height	32" / 813
Discharge length	Determined by your application
Inches mm	Approximate dimensions are rounded to the nearest inch/millimeter.

Constant improvement and engineering innovations mean these specifications may change without notice.

Paragon Sheeters are protected by patents pending worldwide.
