

HEAT AND CONTROL

®

Slicer Auger Feeder

Deposit potatoes individually into slicers to improve efficiency & reduce scrap.

Superior slicing

Produce more uniform slices and improve finished chip quality by metering potatoes single-file into the slicers.

Increase production

Without clogging, slicers operate at peak efficiency improving yield from raw potatoes by producing more saleable product and less scrap.

Cleaner operations

Fewer fines and partial slices pass through the washer and fryer, reducing cleaning costs and unnecessary oil absorption.

Slicer Auger Feeder | Model SAF

Slicer Auger Feeders easily mount between your Slicer Feeder and slicers to improve product quality and yield.

Constant improvement and engineering innovations mean these specifications may change without notice.
