## **Rotary Brander**

Continuously brand grill marks on meats, poultry, seafoods and vegetables for an appetizing finish.

**Brand top, bottom or both sides** Choose from single and two-sided branders for formed and naturally shaped products.

#### Custom markings

Diamond patterns and other custom markings can be ordered instead of standard parallel grill marks.

#### Easily adjustable

conveyors.

Quickly set branding height for different products. If branding is not required, the grill roll can be raised clear of the product.

> Top-side Rotary Branders mount to most existing

Floating ring roll

This option uniformly brands chicken, shrimp, vegetables and other products of irregular thickness.

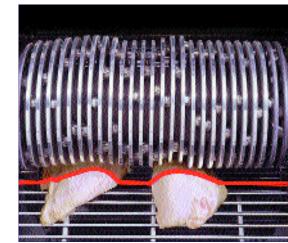

**Control branding color** Adjust branding depth and speed to suit product requirements.

Built to USDA standards

Combustion components

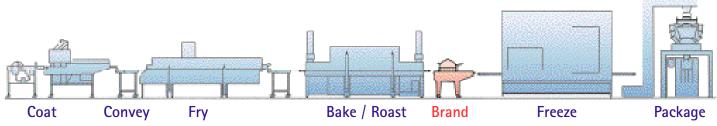

and controls can be conveniently located at the unit or remotely. the natural contour of products to provide uniform branding.

Floating rings follow

From product coating and cooking, through freezing and packaging, Heat and Control supplies the complete system.
